and the country was

So, Jefferson

edly the two other members of the
Triple Alliance counted on Italy's
support; but the Italian people's hatred
Austria for long oppression. Weigh-
ed against volumes of Austrian
wrong the Alliance counted for
nothing.

"There are no forts on Mason and
Dixon's Line. The South is not look-
ing back to 1860 and asking herself
how many army corps and siege guns
she can muster against the North;
nor is the North counting its security
against Southern aggression in military
terms.

"For four thousand miles on the
north a mere chalk mark separates us
from the British Empire. Nobody
on either side of the line is uneasy
about that. Years of fair dealing,
mutual respect, courtesy and good
will make infinitely stronger defen-
ses against war between North and
South, or between the United States
and Canada, than if we had all the
Kaiser's soldiers or all the King's
ships.

"The relations between this coun-
try and Central America and South
America are probably better at this
writing than they have been before.
The moderation, patience and
convincing proofs of genuine good
will that we showed in the Mexican
affair are the reasons for this. We
could have driven Huerta out of
Mexico at the point of the bayonet
and thereby earned a quantity of La-
tin-American suspicion and hatred,
which, in turn, would have made
it almost impossible for us to strengthen
our army and navy.

"Our most dependable national de-
fenses against war are justice, mod-
eration and good will. This war is not
an argument for another army corps
or a new stride in navy building.
That is the road Europe has traveled.
In Northeastern France we see its
goal."

PRESIDENT WILSON is deeply
interested in the results of the elec-
tion on November 3, when the entire
House of Representatives consisting
of 435 members will be chosen, of
which 291 are Democrats and 144
are Republicans at the present time,
the Democrats having a 2 to 1 major-
ity. The terms of 32 of the 96 Uni-
ted States Senators will expire next
March, so they will be chosen. At
the present time, the Democrats have
a clear majority, of 10 over all op-
position. It is believed that the Demo-
cratic majority of over 150 will be
cut down some what to about 75
majority or it may possibly not fall
below 100 as the American people
are safe and sane, and they believe
in standing by such a great patriotic
and incorruptible president as Wood-
row Wilson particularly when the
country is passing through such a
crisis as at the present time.

J. C. KING'S friends are kidding
him about loading up his pistol and
getting ready for burglars on the
only night his wife was not going to
be at home. He evidently counted
on his wife for protection and on
the only night she was away, in
spite of his loaded pistol, a robber
broke in and King shot at him
twice. If Mrs. King had been at
home they would either not have
gotten in or if she had had two shots
at him, there would have been some-
thing doing.

WILL someone kindly state who
and what is behind the conspiracy to
defeat Judge Alex Carter, Demo-
cratic nominee for Presiding Judge
of Audrain County. There must be
a reason for the letter being sent out
by the Republican County Committee.
The Democrats of the County will
show very clearly on Election Day
that the committee is misinformed,
and that there are no traitors in the
Democratic camp in good old Au-
drain.

PRESIDENT WILSON has re-
deemed every pledge. The tariff was
revised in the interest of the con-
sumer, and the currency has been re-
constructed, and the new system will
be put into operation by the middle
of November which will inaugurate
the greatest and most lasting period
of prosperity this country has ever
seen.

JUDGE W. H. WALLACE of Kan-
sas City, will speak in Mexico at
the Court House at 2 o'clock Sat-
urday afternoon on the Single Tax,
County Unit Law and Woman Suff-
rage. Judge Wallace will be greet-
ed with a large and enthusiastic au-
dience.

AT the Mexican Conference Gen.
Villa embraced Gen. Obregon, who
was recently his prisoner, and kissed
the flag; but as he did not attempt
to kiss Gen. Obregon, the prospects
of peace are growing brighter every
hour.

THERE should be speaking in ev-
ery school district in Audrain under
the auspices of the Democratic com-
mittee between now and the day of
the election. Let's wake up and get
busy.

THE purchaser who has neither
time nor inclination for economies in
the one on whom the price booster
depends for support and encourage-
ment when protest arises.

THERE should be no stay-at-home
Democrats in Audrain County this
year. Let's get a bigger majority
than ever for the entire ticket from
President to Constable.

THE Democrats in the various
school districts throughout the Coun-
ty would be pleased to have Demo-
cratic speakers visit them between
now and election day.

ARRANGEMENTS should be made
at once for Democratic speaking in
every school district in Audrain coun-
ty. Let's get a full vote out!
